I. STUDENT INFORMATION

ACADEMIC INTEGRITY

Students should conduct themselves with academic integrity within the school community. School is a place of high integrity, and stealing, cheating, and plagiarism are unacceptable. Cheating is any form of academic dishonesty or act that involves trickery or fraud. It occurs when one uses and takes credit for the work of another person, whether the material be directly copied or superficially disguised. Cheating also includes divulgence of the contents of a graded evaluation. Plagiarism is the act of using and passing off the ideas or writing from another as one's own. Stealing involves taking something that belongs to another without his or her knowledge and permission.

- **First offense** in a semester—a zero for the assignment, phone calls home, notification of administrator counselor, and a letter placed in the student file.
- **Second offense** in a semester—failure for the semester course in which the two incidents occurred, phone call home, conference with parent, notification of administrator/counselor, and a letter placed in the student file.

CLOSED CAMPUS

Students attending school will be required to remain upon school property during the entire school day. For example, when students arrive in the morning, by school bus, walking, or car, they will remain on school property until the end of the day. Students may not go into the community before first hour begins, at lunchtime, or at the conclusion of the day before the school busses arrive. Students are NOT allowed on interior or exterior high school grounds unless participating in a class at the high school. Students are not allowed to ride their bikes or skateboards during the school day.

Special circumstances, which would warrant an exception to the policy, (students going home for lunch, dental appointments, funeral, etc.) may be handled by the parent either in writing or by phoning the middle school office. Their parents must sign out students whenever they are picked up.

PERSONAL PROPERTY

All personal property is the responsibility of the student and at no time shall the district be responsible for preventing theft, loss, damage, or vandalism to student personal property.

1. Backpacks and/or duffle bags may be used to carry student items from home to school. However, backpacks and duffle bags must be stored in student lockers and may not be taken into the classrooms.
2. Laser Pointers are not allowed at school during the regular school day or at any school sponsored extra-curricular activity.
3. Any Multi-Media Players or recorders of any kind are prohibited for use during school hours or during school events. They are only allowed with permission from building principal. Players visible during school hours will be confiscated. This includes lunch time and passing time.
4. Electronic Communication Devices (ECD's) are prohibited for use during school hours or during school events. This includes lunch time and passing time.

COMMON CLASSROOM EXPECTATIONS

1. Be in your seats before the bell finishes ringing and be prepared to begin class.
2. Bring all necessary materials to class. This includes a writing utensil, paper, folders, your textbook, student planners, and any other supplies required for that day's class.
3. Have all assignments and homework prepared to the best of your ability and be ready to turn them in on the due date. Participate and ask appropriate questions in class when necessary. Do not cheat.
4. Respect your classmates as well as yourself; maintain a friendly and courteous attitude towards yourself, your classmates, your teachers, and those around you.

5. Strive to maintain a positive attitude at all times and be prepared to accept responsibility and the consequences for your actions.
6. Follow all written and verbal guidelines, procedures, and instructions while in class. Do not do anything to interrupt the learning process.

LOCKER

1. Keep your locker neat and orderly at all times.
2. Keep your locker locked at all times and put your combination in a safe place.
3. Do not change lockers without permission from the office.
4. Do not give anyone your locker combination.
5. Students are not allowed to share lockers.

HALLWAYS

1. Students will be required to carry a pass when in the hallway during non-passing times.
2. Keep to the right and move along in an orderly manner.
3. Refrain from running, shoving, loud talking, or any unnecessary noise.
4. Help keep the hallway clean.
5. Students must leave the building after school hours unless they are participating in an after school activity.
6. There is no food or drink in the hallway except water. All food must be eaten in the cafeteria.

TRANSPORTATION

Oakridge Public Schools provides bus transportation as a service to the students of our community in grades K – 12 and is to be considered a privilege. In order to provide transportation services to your student, please complete the online transportation information form found on the district’s website. This information is used to prepare routes for the upcoming school year and having accurate addresses for pick up and drop off locations is pertinent. We ask that this form be completed prior to the end of the school year. If you move or need to have your student picked up or dropped off from a daycare we ask that you complete a new online transportation form throughout the school year, as needed. Note, all changes are subject to the approval of the Transportation office. Please be advised, changes may take up to 7 business days to complete. If your student will not need bus transportation, please indicate such on the transportation form.

Students must ride the bus they are assigned and must board and depart from the bus at the assigned bus stop. We are unable to allow children to ride a bus other than their assigned bus to visit a friend or go to a meeting. Parents must provide transportation for these extra-curricular activities.

The school bus and school vehicles are an extension of the school itself. All rules, policies, procedures, etc. that apply in school will also apply to the bus. Transportation is a privilege. Students must follow the bus expectations. Failure to do so will result in disciplinary action up to and including bus suspension and/or loss of bus riding privilege.

The bus loading and unloading area at your student(s) building has designated times for buses only. If you have questions regarding parent drop off/pick up areas please see your building secretary.

Videotapes on School Buses

The Board of Education has installed video cameras on school buses to monitor student behavior. Actual videotaping of the students on any particular bus may be done. If a student misbehaves on a bus and his/her actions are recorded on a videotape, the tape will be submitted to the Director of Transportation/Designee or Building Principal and may be used as evidence of the misbehavior. Since these tapes are considered part of a student's record, they can only be viewed in accordance with Federal law.

Important Information Regarding Electronic Devices:

- No disruptive/inappropriate use of smart/cell phones or other electronic devices.
- No picture taking or recording on the bus.
- Headphones or earbuds should not be used while loading and unloading the bus, especially if the student crosses the street at the bus stop. While on the bus, students should have one ear piece out of their ear at all time to be able to hear the driver in the event of an emergency.
- No personal speakers may used on the bus at any time.

Bus Conduct

Transportation is a privilege. In the event of behavior concerns, district staff will contact you by phone or send a behavior slip home with your child. Repeated concerns or those of serious nature may result in loss of bus privileges. In that case, you will be notified by the Director of Transportation or building staff. *At anytime, the driver may assign seats or direct students in any reasonable manner to maintain safety.*

Your student's safety is our main priority. Please be sure they understand these simple measures to help ensure the safest bus experience possible.

Waiting for the Bus.....

- Be on time at the designated bus stop 5 to 7 minutes prior to scheduled time (Please remember, **drivers will not wait** for students who are not at their designated stop on time.)

- Do not remain near the bus after exiting.
- If you are a crosser, cross in FRONT of the bus after signal from the driver.
- Be respectful of others and their property.

DANCES

Following are the rules established to control the activities of those attending school functions so that the dance or party is an enjoyable event for all.

1. Students must be in attendance at school the day of the party or dance in order to participate. Admission will be refused to those students who are not eligible to attend.
2. If a student earns one out-of-school suspension or two suspension room referrals between school sponsored dances, he/she will forfeit the privilege of attending the next scheduled dance.
3. All school policies including the dress code will be followed.
4. Students attending dances must remain in the building. Loitering in the school parking lot will not be tolerated. If a student leaves the building, without permission, he/she must leave the school property and will not be allowed to return.

DRESS FOR SUCCESS

While fashion changes, the reason for being in school does not. Students are in school to learn. Any fashion (dress, accessory, or hairstyle) that disrupts the educational process or presents a safety risk will not be permitted. Personal expression is permitted within these general guidelines. Student dress and appearance is a joint responsibility of the school, the parents, and the students. The School Board encourages the students to use good judgment as to cleanliness, grooming, and appropriateness in choice of wearing apparel. Parents are expected to use their influence to uphold the dress code. Dress, which is detrimental to the health and safety of a student or other students, or is a disturbing influence, will not be tolerated. In the event a student is incorrectly dressed, parents will be called and/or disciplinary action may result.

If a student has selected a manner of appearance that is beyond mere freedom of expression and disrupts the educational process or presents risk to themselves or others, they may be removed from the educational setting. The following styles or manners of dress are prohibited:

- **Shoes** must be worn in school at all times.
- **Shorts/Skirts** -The length of shorts/skirts must be below the tips of the fingers with arms and shoulders extended down.
- **Leggings/Spandex Type Pants** must be worn in combination with shorts, skirts, or long tops.
- **Pants** must be worn on the waist of individual at all times. Holes in pants must be below the tips of fingers with arms and shoulders extended down.

- **Shirts** No halter-tops, tube tops, backless, spaghetti straps, camisoles or any top that allow undergarments to be seen. No bare midriffs or stomachs will be exposed. Tops should cover the upper chest so no cleavage is seen.
- **Pajama Pants** are not allowed in school.
- **Hats/ Hoods** - Specifically, any item, which covers one's head area, is not permitted at school during school hours.
- **Clothing** which advertises or condones the use of alcohol, tobacco, drugs, violence, vulgarity or obscene language will not be allowed.
- **Coats** -The wearing of coats (jackets) during school hours is prohibited.
- **Chains** may be worn unless they are 18" or greater in length and 1/2" or less in diameter for link width. If a chain is worn (exception is neckwear) there may be only one chain. The 18" limitation of the chain will include any connection pieces.
- **Gang Attire** -The school reserves the right to ban any item/style worn on or by a person which implies or suggests gang involvement or which could be construed as dangerous. Items such as chains, razor blades, straight or safety pins, spikes, bandannas and similar items, which serve no useful dress function or may be dangerous, will not be permitted. Attire displaying gang symbolism will not be permitted.

****Reasonableness and common sense should prevail in the enforcement of these policies.***

Students who are representing Oakridge Middle School at an official function or public event may be required to follow specific dress requirements. Usually, this applies to athletic teams, cheerleaders, bands, and other such groups.

ATHLETIC EVENTS

1. Cheer good plays and display good sportsmanship; refrain from booing and making rude remarks.
2. Refrain from loitering in corridors or other parts of the building.

- c) Treat those serving courteously.
- d) Students must be seated while eating.
- e) Place trash in the proper containers and leave the surrounding areas clean and orderly.
- f) Any food item or beverage must be consumed in the cafeteria. The only acceptable item in the halls or classrooms is bottled water.
- g) Until released to the gym, students are only allowed in the cafeteria. Students must finish their lunch before sitting outside.

3. No talking, whispering or eating will be tolerated. Failure to act respectfully will result in removal from the assembly.
4. Applaud at appropriate times only.
5. Avoid whistling, stomping, and yelling except at the request of cheerleaders at pep rallies.

THE OFFICE

1. The office is open Monday through Friday from 7:00 A.M. until 4:00 P.M.
2. The telephone in the office is not for student use, except for illness.
3. Announcements are read daily. An announcement won't be read unless a sponsor signs it.
4. Requests for any student records require 24 hours notice before they will be available.
5. Posters to be displayed in the building must be approved by the Principal before they are posted.
6. At no time should a student go behind the counter without permission.

GUIDANCE PROCEDURES

Students who wish to see the guidance counselor must complete a request form in the office. This process must be followed in order for students to be seen. No student will be allowed in the office during class time other than through this procedure. If an emergency, the situation will be dealt with immediately.

CHICAGO TRIP

If an eighth grade student is suspended from school for any reason, two or more times during their eighth grade year, he/she will forfeit the privilege of attending the trip to Chicago. Any money earned toward the trip will stay with the eighth grade Chicago Trip Fund for future years. In order to fund this yearly event, each current 8th grade student (2019-2020) are required to sell at least 2 boxes of candy, 7th grade students (2019-2020) are required to sell at least 3 boxes of candy during the middle schools annual candy sale (this can be over the course of one or two years). If the student chooses not to participate in the candy sale, or does not sell, they will be responsible for covering their cost of the trip. Students must be a full time Oakridge student to be eligible for the trip, students who are fully online will not be eligible.

LOST AND FOUND

Items of clothing, school materials and other personal belongings found in the school or on the grounds will be placed in the lost and found, located outside the office. Many items go unclaimed each year because students fail to check with the office. Unclaimed items will be donated to charity.

TEXTBOOKS

Textbooks and library books are loaned to the students by the school. Before a second book is issued, students will be required to pay for any lost books or damaged books. Textbooks are to be kept clean and handled carefully. **Do not share textbooks with other students.**

II. STUDENT MANAGEMENT

DISCIPLINARY ACTION

1. Any student sent to the office must report there immediately and inform one of the secretaries why they are at the office.
2. A student will be suspended for flagrant violations of the rules for a period not to exceed ten (10) days. The number of days will depend on the offense and cooperation of the student and his/her parents.
3. After a student has been suspended, a parent conference with the principal is desired before the student is re-instated.

ATTENDANCE

It is imperative that students be in attendance each school day in order not to miss a significant portion of their education. Many important lessons result from active participation in classroom and other school activities which cannot be replaced by individual study.

Attendance is important in the development of a high quality work ethic which will be a significant factor in a student's success with future employers. One of the most important work habits that employers look for in hiring and promoting a worker is his/her dependability in coming to work every day and on time. This is a habit the School wants to help students develop as early as possible in their school careers.

TRUANCY

Any time a child has missed five or more days of school in a semester for any reason which is interfering with their learning is considered truancy. Parents play an influential role in the education of their children and are key to regular school attendance. Given the significance of attendance to the success of students a student that is truant can result in:

1. Assignment to an alternative placement with loss of participation in school

activities and events;

2. A hearing before a judge in a court of law;

3. A report to local authorities concerning lack of parental responsibility in providing proper care and supervision of a child.

ABSENCES

Excused Absences

Students may be excused from school for one or more of the following reasons and will be provided an opportunity to make-up missed school work and/or tests:

The Board considers the following factors to be reasonable excuses for time missed at school:

- A. illness
- B. recovery from accident
- C. required court attendance
- D. professional appointments
- E. death in the immediate family
- F. observation or celebration of a bona fide religious holiday
- G. such other good cause as may be acceptable to the principal

Students with a health condition that causes repeated absence are to provide the school office with an explanation of the condition from a registered physician.

Unexcused Absences

Any student who is absent from school for all or any part of the day without a legitimate excuse shall be considered truant and the student and his/her parents shall be subject to the truancy laws of the State.

TARDINESS

In order for classes to begin on time and use the full period of instruction, all students are to be in their scheduled classes on time. A tardy is when the student is not present in the room when the bell rings to start class.

- 1. If a student is late for class less than twenty (20) minutes, the teacher will record the student as tardy. If a student is twenty (20) or more minutes late for a class, the teacher will record the student as absent.
- 2. Students missing any part of the day must report to the office to sign-in before attending class and will have a pass from the office.
- 3. Students start with a clean tardy slate at the beginning of each semester.

Tardy Discipline Policy:

- 1. Starting with the 3rd tardy in a class (per semester), students will receive a detention. Students will not be given a detention until the 4th tardy in 1st hour.

Excessive tardiness will be considered persistent disobedience resulting in further disciplinary action.

2. For every second tardy to class that a student receives, the two tardies will be converted to one unexcused absence toward a student's truancy. For instance, a student receiving four tardies to any class will have two days of unexcused absences counted toward his or her truancy limitation.

3. A student's tardy will only be excused with an excuse from a doctor, dentist, or court order.

EMERGENCY CONTACT SHEETS

State law requires that all students must have an emergency contact form completed, signed by a parent or guardian and filed in the office. Please inform the main office if there is a change in telephone number or address at any time during the school year or when the new forms are sent home at the beginning of the new school year. Failure to notify of a change may not allow the school to contact a parent/guardian when necessary. If you do not have a phone, please supply us with the phone number of someone who could be reached in case of an emergency or if the student becomes ill.

ILLNESS IN SCHOOL

Students who become ill should report to the office. Spending a class period in the restroom because of illness, without notifying the office will be considered an UNEXCUSED absence.

IMMUNIZATIONS

Michigan Department of Health regulations require that every child who is admitted to public school must present evidence of vaccinations for diphtheria, tetanus, whooping cough, hepatitis B, polio and measles (rubeola and rubella). Parents are notified by mail if there is need for further medical evaluation. Parents must report if child has had the chicken pox disease. If the child has not had the chicken pox, parents must show proof (month/yr) that the child has received the chicken pox vaccination (varicella, varifax).

INOCULATIONS AND HEARING AND VISION TESTS ARE GIVEN AT:

Muskegon County Health Department
209 E Apple Bldg. D
Muskegon, MI 49442
Phone: 724-6311

MEDICATIONS

School personnel are not permitted to dispense medication of any kind without proper authorization forms signed by the prescribing physician and parent. These forms along with a complete explanation of the policy are available in

the school office. Medication for temporary illnesses should be given at home (example: those to be given every 6-8 hrs).

The following basic requirements must be met for both prescriptions as well as non-prescription medication:

1. Signed authorization form (by doctor) on file.
2. Medication must be brought to school by an adult in the original container.
3. The prescription label (we must have the most up-dated bottle) must contain the child's name, drug identity, instructions, doctor's name and prescription date.
4. Any changes in the medication (times, dosages, etc.) must be verified with instructions from the doctor.

TRANSFERRING OUT OF THE DISTRICT

If a student plans to transfer from Oakridge Public Schools, the parent must notify the office. Transfer will be authorized only after the student has completed the arrangements, returned all school materials, and paid any fees or fines that are due. School records may not be released if the transfer is not properly completed.

FIRE DRILLS

Students should read carefully the fire drill instructions for each class. They should leave the building quickly but in an orderly manner, going to the designated area and remaining there until the bell recalls them to class.

NON-CUSTODIAL PARENTS

1. We assume that both parents have equal rights relative to their children and the school unless we receive specific instructions to the contrary from the custodial parent.
2. If a parent is to be denied contact with a child or knowledge about the child, the school will need a copy of the court order.
3. In the absence of such restrictions, we will afford access to school records and confer with both parents.
4. If non-custodial parents wish to receive duplicate correspondence regarding school activities and functions, they will need to provide the office with self-addressed stamped envelopes.

HOMEWORK EXPECTATIONS

Any assignments given in a particular class are to be completed in accordance to the classroom guidelines as set by the teacher. Students are responsible for meeting those guidelines.

Homework is a necessary extension of classwork used to enhance everyday teaching. Learning is not limited to the school day or time in the classroom.

These are guidelines, meant to be flexible enough so that specific classes can be adjusted to meet the needs of the students.

1. An assignment book should be used by all students to record assignments.
2. Students can expect homework daily. The assignments will vary according to the type of class.
3. Teachers will notify students when homework assignments are due.
4. Students will have one week to turn in a late assignment with a 25% grade reduction.
5. The resources needed to complete an assignment are considered when making a homework assignment.
6. Students having multiple test, reports, and/or assignments due at the same time will have to manage their time accordingly.
7. Reviewing notes, research, reading AR books, and studying for test are types of homework.

METHODS OF MARKING PERIOD GRADING

Oakridge Middle School has a standard marking period grading procedure, as well as additional notations that may indicate work in progress or incomplete work. The purpose of a grade is to indicate the extent to which the student has acquired the necessary learning.

In general, students are assigned grades based upon performance in Daily Work, Quizzes, Projects, Labs, Experiments, Spelling Tests, Accelerated Reader Tests, and Art Work. This work is used to assess student progress and assigned grades. These are selected or prepared by teachers to assess how well the students have achieved specific objectives. The core academic classes use the following methods of grading:

English Language Arts

30% Daily Work
20% Spelling Tests
20% Accelerated Reader
30% Common Assessment

Math

25% Daily Work
35% Quizzes
40% Common Standard Assessment

Social Studies

35% Daily Work
35% Quizzes/Projects
30% Common Assessment

Science

30% Daily Work
20% Labs/Experiments
20% Quizzes
30% Common Assessment

The enrichment courses may place a different emphasis on these areas in determining a grade using category weights and will so inform the students in the course syllabus.

Your grades are accessible through the Oakridge Public Schools website:

www.oakridgeschools.org.

METHODS OF SEMESTER GRADING OR GPA

The collective grades or percentages of each of the two marking periods will be averaged together to produce a semester grade. It is this grade that is used to identify semester performance and is used to calculate Grade Point Average. The Grade Point Average is a fixed number and is NOT rounded off (i.e. a 3.49 is NOT rounded off to a 3.50. Your grades are based on the following 12-point system.

A = 4.00	B = 3.00	C = 2.00	D = 1.00
A- = 3.667	B- = 2.667	C- = 1.667	D- = .667
B+ = 3.333	C+ = 2.333	D+ = 1.333	F = 0.00

STUDENT PERFORMANCE/REPORT CARDS

Report cards will be mailed home on the Friday following the end of each marking period.

GRADE PLACEMENT

Will be based on principal recommendation.

HONOR ROLL

The Middle School encourages academic excellence. To recognize and honor those academically talented, the honor roll designation is awarded based on the grade point average. Each marking period an honor roll update is prepared and posted. Students with a grade point average of 3.00 to 4.00 on a 4 point scale will receive this recognition. Students who increase their grade point average by .5 from one marking period to another will make the progressive honor roll.

SUMMER SCHOOL

Oakridge Summer School Program is offered to all students who qualify, (seventh through twelfth grade) throughout Muskegon County and is handled on a first come first serve basis. It is a tuition-based program that must be paid by the student. Each year the program is very popular and fills up quickly, which means that students are sometimes placed on a waiting list.

The school does not automatically enroll students. This is a parental decision since parents must pay the tuition. Parents are notified if summer school is needed for a student to be promoted to the next grade level.

CLUBS AND ORGANIZATIONS

Clubs and organizations can be organized as the need arises. All clubs and organizations will come into being only if they are related to the school

program in a positive manner as determined by the Principal. The Student Council will determine dance dates and other major events while all other things must be cleared through the Principal. **If an event is not approved by the Principal and placed on the school calendar, it will not be held.**

III. STUDENT CODE OF CONDUCT

The Oakridge Public School District conducts an educational program for the benefit of all the pupils living in the school district. It is desirable to have all pupils remain in school until they have graduated from the Senior High School. Every resource available to the school district and the parent should be used to achieve this purpose. Administrators and teachers, however, have rights and duties. The teacher is required by law to maintain a suitable environment for learning and administrators have the responsibility for maintaining and facilitating the educational program. The Principal is authorized by statute to suspend students from school for cause. The teacher has the authority to suspend students from a class for cause.

PROCEDURAL RULES AND REGULATIONS

The constitutional rights of individuals assure the protection of due process of law; therefore, this system of constitutionally and legally sound procedures is developed with regard to the administration of discipline in the Oakridge School System.

3. A student must be given an opportunity for a hearing with the appropriate school administrator if his/her parent or guardian indicates the desire for one. A hearing shall be held to allow the student and his parent or guardian to contest the facts which may lead to disciplinary action, or to contest the appropriateness of the sanction imposed by a disciplinary authority, or if the student and his parent or guardian allege prejudice or unfairness.

SUSPENSION OUTLINE

1. A student is suspended from a class or classes but not from the building. Technically speaking, this is not a suspension, but a debarment. This action by a teacher is subject to review by the Principal, which will include consultation with the teacher.

2. A student is suspended from the building for the remainder of the school day.
3. A student is suspended from attendance at or participation in a school district sponsored activity.
4. A student is suspended from the building pending a conference with the parents or guardian.

SUSPENSIONS FOR 10 OR FEWER DAYS

1. The student shall be informed of the specific charges, which could be the basis for disciplinary action to be taken against him.
2. The student will have the right to present to the school administration any relevant information that will support his defense.
3. If the student is suspended by the school administrator, the administrator will:
 - a. Notify the parents or guardian as soon as possible of the suspension, the reasons for it, and the steps necessary for the student's return.
 - b. The parents or guardian and the student may meet with the principal to plan the satisfactory return of the student to the school setting.
4. If the parents or guardian are dissatisfied with this action, they may appeal to the superintendent or his designate to review the decision.
5. Under Michigan law, a suspension of 10 or fewer school days is presumed to be reasonable.
6. Credit will be given for work missed due to out-of-school suspension provided the student completes and submits all required assignments upon return to school. Failures shall be given for any classroom work that cannot be attended such as laboratories or skill sessions.

SUSPENSIONS GREATER THAN 10 DAYS

Under Michigan law, a suspension of greater than 10 school days, is, in most circumstances, presumed not to be warranted. Before imposing a suspension of more than 10 school days but less than 60 days, the Principal must submit such a recommendation to the Superintendent for determination and explain why the suspension is warranted despite the presumption. The Superintendent shall consider the following factors:

- The student's age;
- The student's disciplinary history;
- Whether the student has a disability;
- The seriousness of the behavior;
- Whether the behavior posed a safety risk;
- Whether restorative practices are a better option; and
- Whether lesser interventions would address the behavior.

Any time the Superintendent finds that a suspension of more than 10 school days is warranted, the Superintendent must explain his or her rationale in writing. The Superintendent's rationale must be based on the above factors. Additionally, before suspending a student for any length of time, the Superintendent must provide the student due process.

POSSESSION OF WEAPONS/FIREARMS

Students in possession of a dangerous weapon/firearm, and/or who commit arson or rape on/in district property or at district or school sponsored events shall be permanently expelled from school and referred to the criminal justice or juvenile delinquency system and the appropriate county department of social services or community mental health agency. The parent, legal guardian and/or student shall also be notified of the referral.

Students subject to expulsion shall have their situation reviewed by the superintendent on a case-by-case basis. This is the board's assurance that the district is in compliance with both PL 103-382 and MCL -380.1311.

A student acting in an aggressive or belligerent manner with any object will be administratively judged to be in possession of a weapon and disciplinary action will be taken. A student using a weapon in a fight or altercation will be administratively judged to be a danger to others and self and will be subject to disciplinary action as outlined in the student code of conduct.

SUBSTANCE ABUSE

The following substance abuse policies shall be in force for situations occurring in our buildings, on school grounds, or at any school related function, home or away, or in any other situation where school authorities have general supervisory jurisdiction. The policy covers five situations:

CASE I

Where school officials have proof that a student has unlawfully distributed or sold any drug, alcohol, marijuana or other substance, any pill (prescriptive or non-prescriptive), regardless of quantity, the Administration will recommend expulsion of the student to the Oakridge Board of Education. Parents and legal authorities will be notified.

CASE II

Where school officials have found a student in possession of any drug, alcohol, marijuana, or other controlled substance, any prescriptive pill, in a quantity suggesting more than personal use, the Administration will recommend expulsion of the student to the Oakridge Board of Education. In the case of a non-prescriptive pill or capsule, the Administration may recommend expulsion of the student to the Oakridge Board of Education. Parents and legal authorities will be notified.

CASE III

In the case of plain possession where quantity suggests personal use, i.e., one container of alcohol, one marijuana cigarette, seeds, scraps, paraphernalia,

one pill or capsule, or other controlled, prescriptive or non-prescriptive substances, the Administration will suspend the student for ten (10) school days. Parents and legal authorities will be notified.

CASE IV

Where school officials have reasonable cause to believe that a student is "under the influence" of a controlled substance, narcotic, marijuana, pills or alcohol, the Administration will suspend the student for ten (10) school days. Parents and legal authorities will be notified.

CASE V

Any student drinking or in possession of alcoholic beverages before or during school or at school sponsored events will be suspended from school for ten (10) days. This policy shall be in force for situations occurring in our buildings, on school grounds, or at any other situation where school authorities have general supervisory jurisdiction.

PROCEDURES:

1. In Cases I and II the student will be immediately suspended from school into the custody of the parent or legal guardian. The principal involved will insure the student "due process".
2. In Case IV if school officials have reason to believe a student is "under the influence" the administrator will contact the parents and/or act in the best interest of the student.
3. Students who attend Oakridge Public Schools must register any type of pill (prescriptive or non-prescriptive) or any type of drug with the office of the building the student attends. There will be no exceptions made to this rule.
4. A second violation of any of the above cases may result in a recommendation for expulsion.
The above-mentioned drugs or pills are examples only and should not be considered all inclusive.

ANTI-BULLYING POLICY

It is the policy of the District to provide a safe and nurturing educational environment for all of its students.

This policy protects all students from bullying/aggressive behavior regardless of the subject matter or motivation for such impermissible behavior.

Bullying or other aggressive behavior toward a student, whether by other students, staff, or third parties, including Board members, parents, guests, contractors, vendors, and volunteers, is strictly prohibited. This prohibition includes written, physical, verbal, and psychological abuse, including hazing, gestures, comments, threats, or actions to a student, which cause or threaten to cause bodily harm, reasonable fear for personal safety or personal degradation.

Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of administrators, faculty, staff, and volunteers to provide positive examples for student behavior.

This policy applies to all "at school" activities in the District, including activities on school property, in a school vehicle, and those occurring off school property, if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, or where an employee is engaged in school business. Misconduct occurring outside of school may also be disciplined if it interferes with the school environment.

Notification

Notice of this policy will be annually circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the student handbooks. State and Federal rights posters on discrimination and harassment shall also be posted at each building.

If the principal or designee determines that an incident of bullying has occurred, s/he shall promptly provide notification of same (to the extent consistent with student confidentiality requirements) to the parent/guardian of the victim of the bullying and the parent/guardian of the perpetrator of the bullying. A record of the time and form of notice or attempts at notice shall be kept in the investigation file.

To the extent appropriate and/or legally permitted, confidentiality will be maintained during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations. Further, the appropriate authorities may be notified, depending on the nature of the complaint and/or the results of the investigation.

Reporting

No later than May 30, 2015, the District shall submit to the Department of Education a copy of this Policy.

The District shall report incidents of bullying to the Department of Education on an annual basis according to the form and procedures established by the Department of Education.

Should this Policy be amended or otherwise modified, the District shall submit a copy of the amended or modified Policy to the Department of Education no later than thirty (30) days after adopting the modification.

Implementation

The Superintendent is responsible to implement this policy, and may develop further guidelines, not inconsistent with this policy.

This policy is not intended to and should not be interpreted to interfere with legitimate free speech rights of any individual. However, the District reserves the right and responsibility to maintain a safe environment for students, conducive to learning and other legitimate objectives of the school program.

Procedure

Any student who believes s/he has been or is the victim of bullying, hazing, or other aggressive behavior should immediately report the situation to the Principal or his/her designee. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

A student may also submit a report or complaint to any of the above designated individuals through email, voicemail, regular mail or by leaving a sealed note addressed to the individual at that person's office or desk. The student may submit a report or complaint anonymously, but this may affect the ability to fully investigate the matter, when the complaining student is not available to provide additional information during the course of the investigation.

The identity of a student who reports bullying, hazing or aggressive behavior, as well as those students who provide information during an investigation will remain confidential to the extent possible and to the extent allowable by law. Only school personnel directly involved in the investigation of the complaint or responsible for remedying any violations will be provided access to the identity of the complaining student(s) and student witnesses, and then only to the extent necessary to effectively deal with the situation.

The identity of the student who files the report or complaint will not be voluntarily shared with the alleged perpetrator(s) or the witnesses unless the student (and his/her parent/guardian) give written permission to do so. Any investigation report will likewise not be voluntarily produced with the names of the reporting student(s) or witnesses. However, under certain circumstances, the District may be required by law to disclose the report and/or the student(s) names. Also, under certain circumstances, the identity of the reporting student may become obvious even without disclosure by school personnel.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports shall be made to those identified above. While reports may be made anonymously, formal disciplinary action may not be taken solely on the basis of an anonymous report without other corroborating evidence.

The Principal (or other designated administrator) shall promptly investigate and document all complaints about bullying, aggressive or other behavior that may violate this policy. The investigation must be completed as promptly as the circumstances permit after a report or complaint is made.

If the investigation finds an instance of bullying or aggressive behavior has occurred, it will result in prompt and appropriate remedial action. This may include up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement or other appropriate officials.

If, during an investigation of a reported act of harassment, intimidation and/or bullying/cyberbullying, the Principal or appropriate administrator believes that the reported misconduct may have created a hostile learning environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Principal will report the act of bullying and/or harassment to one of the Anti-Harassment Compliance Officers so that it may be investigated in accordance with the procedures set forth in Policy 5517 - Anti-Harassment.

Annual Reports

The individual responsible for conducting the investigation shall document all reported incidents and report all verified incidents of bullying, aggressive or other prohibited behavior, as well as any remedial action taken, including disciplinary actions and referrals, to the Superintendent. The Superintendent shall submit a compiled report to the Board on an annual basis.

Non-Retaliation/False Reports

Retaliation or false allegations against any person who reports, is thought to have reported, files a complaint, participates in an investigation or inquiry concerning allegations of bullying or aggressive behavior (as a witness or otherwise), or is the target of the bullying or aggressive behavior being investigated, is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy, independent of whether a complaint of bullying is substantiated. Suspected retaliation should be reported in the same manner as bullying/aggressive behavior.

Making intentionally false reports about bullying/aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

Prevention/Training

Opportunity for training for administrators, school employees and volunteers who have significant contact with pupils on preventing, identifying, responding to, and reporting incidents of bullying shall be provided periodically.

Educational programs for students and parents/guardians on preventing, identifying, responding to, and reporting incidents of bullying and cyberbullying will be periodically arranged or provided. Classroom teachers may address the foregoing issues within the classroom curriculum.

Definitions

The following definitions are provided for guidance only. If a student or other individual believes there has been bullying, hazing, harassment or other aggressive behavior, regardless of whether it fits a particular definition, s/he should report it immediately and allow the administration to determine the appropriate course of action.

"Aggressive behavior" is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well-being. Such behavior includes, for example, bullying, hazing, stalking, intimidation, menacing, coercion, name-calling, taunting, making threats, and hitting/pushing/shoving.

"At School" is defined as in a classroom, elsewhere on school premises, on a school bus or other school-related vehicle, or at a school-sponsored activity or event whether or not it is held on school premises. It also includes conduct using a telecommunications access device or telecommunications service provider that occurs off school premises if either owned by or under the control of the District.

Bullying

Bullying is defined as any unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, including cyber bullying (i.e. any electronic communication, including, but not limited to electronically transmitted acts, such as internet, telephone or cell phone, personal digital assistant (PDA), or wireless hand held device), by an adult or student, that is severe or pervasive enough to create an intimidating,

hostile, or offensive educational or work environment; cause discomfort or humiliation, or unreasonably interfere with the individual's school or work performance or participation. Bullying, without regard to its subject matter or motivating animus, is intended to or that a reasonable person would know is likely to harm one (1) or more students either directly or indirectly by doing any of the following:

- A. substantially interfering with educational opportunities, benefits, or programs of one (1) or more students;
- B. adversely affecting the ability of a student to participate in or benefit from the school district's educational programs or activities by placing the student in reasonable fear of physical harm or by causing substantial emotional distress;
- C. having an actual and substantial detrimental effect on a student's physical or mental health; and/or
- D. causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Bullying can be physical, verbal, psychological, or a combination of all three. Some examples of bullying are:

- A. Physical – hitting, kicking, spitting, pushing, pulling; taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcome physical contact.
- B. Verbal – taunting, malicious teasing, insulting, name calling, making threats.
- C. Psychological – spreading rumors, manipulating social relationships, coercion, or engaging in social exclusion/shunning, extortion, or intimidation. This may occur in a number of different ways, including but not limited to notes, emails, social media postings, and graffiti.

Bullying may involve teasing; threats; intimidation; stalking; cyberstalking; cyberbullying; physical violence; theft; sexual, religious, or racial harassment; public humiliation; or destruction of property.

Harassment

Bullying rises to the level of unlawful harassment when one or more persons systematically and chronically inflict physical hurt or psychological distress on one (1) or more students or employees and the bullying is based upon one (1) or more Protected Classes, that is, characteristics that are protected by Federal civil rights laws.

Harassment means any threatening, insulting, or dehumanizing gesture, use of technology, or written, verbal or physical conduct directed against a student or school employee that:

- A. places a student or school employee in reasonable fear of harm to his/her person or damage to his/her property;
- B. has the effect of substantially interfering with a student's educational performance, opportunities, or benefits, or an employee's work performance; or
- C. has the effect of substantially disrupting the orderly operation of a school.

Harassment includes, but is not limited to, any act which subjects an individual or group to unwanted, abusive behavior of a nonverbal, verbal, written or physical nature, often on the basis of age, race, religion, color, national origin, marital status or disability, but may also include sexual orientation, physical characteristics (e.g., height, weight, complexion), cultural background, socioeconomic status, or geographic location (e.g., from rival school, different state, rural area, city, etc.).

"Intimidation/Menacing" includes, but is not limited to, any threat or act intended to: place a person in fear of physical injury or offensive physical contact; to substantially damage or interfere with a person's property; or to intentionally interfere with or block a person's movement without good reason.

"Staff" includes all school employees and Board members.

"Third parties" include, but are not limited to, coaches, school volunteers, parents, school visitors, service contractors, vendors, or others engaged in District business, and others not directly subject to school control at inter-district or intra-district athletic competitions or other school events.

STUDENT HAZING

The Board of Education believes that hazing activities of any type are inconsistent with the educational process and prohibits all such activities at any time in school facilities, on school property, and at any district-sponsored event.

Hazing shall be defined for purposes of this policy as performing any act or coercing another, including the victim, to perform any act of initiation into any class, group, or organization that causes or creates a risk of causing mental, emotional, or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this policy.

Hazing involves conduct such as but not limited to:

- A. illegal activity, such as drinking or drugs;
- B. physical punishment or infliction of pain;
- C. intentional humiliation or embarrassment;
- D. dangerous activity;
- E. activity likely to cause mental or psychological stress;
- F. forced detention or kidnapping;
- G. undressing or otherwise exposing initiates.

SEXUAL HARASSMENT

Pursuant to Title VII of the Civil Rights Act of 1964 and Title IX of the Educational Amendments of 1972, "sexual harassment" is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

- A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program, or activity.
- B. Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual.
- C. Such conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

EXPULSION PROCEDURES

The following procedural guidelines will govern the expulsion process:

1. Written notice of charges against a student shall be supplied to the parent or guardian.
2. Parent or guardian shall be present at the hearing.
3. Legal counsel may represent the student, parent or guardian.
4. The student shall be allowed to observe all evidence offered against he/she. In addition, he/she shall be allowed to question any witness.

5. The student shall be given an opportunity to give his/her version of the facts and their implications. He/she should be allowed to offer the testimony of other witnesses and other evidence.
 6. The hearing shall be conducted by the Board of Education, who shall make its determination solely upon the evidence presented at the hearing.
 7. A record shall be kept of the hearing.
 8. The Board of Education shall state within a reasonable time after the hearing its findings as to whether or not the student charged is guilty of the conduct charged and its decision as to expulsion.
 9. The findings of the hearing authority shall be reduced to writing and sent to the student and his parent or guardian.
 10. The student and his/her parent or guardian shall be made aware of their appropriate appellate authority.
 11. A student expelled from Oakridge may be allowed to apply for reinstatement after 180 school days.
- Any section of this document, or portion thereof, found by adjudication to be contrary to law of constitutional rights shall be stricken without effect to the remainder.

POLICE INVOLVEMENT

School officials have the option to notify the police authorities, and in cases of major violations, may press charges. If police authorities are notified, legal guardians will be contacted. Any action taken by police authorities will be in addition to action by the school. School officials, guided by district procedures, will cooperate with police authorities during investigations.

SEARCH AND SEIZURE

The Board of Education has charged school authorities with the responsibility of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, school authorities may search school property such as lockers used by students or the person or property, including vehicles, of a student, in accordance with the following policy.

School Property

The Board acknowledges the need for in-school storage of student possessions and shall provide storage places, including desks and lockers, for that purpose. Where locks are provided for such places, students may lock them against incursion by other students, but in no such places shall students have an expectation of privacy as to prevent examination by a school official. The Board directs the school principals to conduct a routine inspection at least annually of all storage places. In the course of any search, student's privacy rights will be respected regarding any items that are not illegal or against Board policy. The Board also authorizes the use of canines, trained in detecting

the presence of drugs or devices, when the Superintendent has reasonable suspicion that illegal drugs or devices may be present in a school. This means of detection shall be used only to determine the presence of drugs in locker areas and other places in the school where such substances could be concealed. Canine detection must be conducted in collaboration with law enforcement authorities or other certified organizations and is not to be used to search students unless either a warrant or parental permission has been obtained prior to the search.

Student Person and Possessions

The Board recognizes that the privacy of students or his/her belongings may not be violated by unreasonable search and seizure and directs that no student be searched without reasonable suspicion or in an unreasonable manner. The extent of the search will be governed by the seriousness of the alleged infraction, the student's age, and the student's disciplinary history. The authorization to search shall also apply to all situations in which the student is under the jurisdiction of the Board.

Administrators are authorized to arrange for a breath-test instrument, according to the Superintendent's guidelines, for the purpose of determining if a student has consumed an alcoholic beverage. It is not necessary for the test to determine blood-alcohol level, since the Board has established a zero tolerance for alcohol use. Except as provided below, a request for the search of a student or a student's possessions will be directed to the principal. S/He shall attempt to obtain the freely-offered consent of the student to the inspection; however, provided there is reasonable suspicion, s/he may conduct the search without such consent. Whenever possible, a search will be conducted by the principal in the presence of the student and a staff member other than the principal. A search prompted by the reasonable belief that health and safety are immediately threatened will be conducted with as much speed and dispatch as may be required to protect persons and property. Search of a student's person or intimate personal belongings shall be conducted by a person of the student's gender, in the presence of another staff member of the same gender, and only in exceptional circumstances when the health or safety of the student or of others is immediately threatened.

The principal shall be responsible for the prompt recording in writing of each student search, including the reasons for the search; information received that established the need for the search and the name of informant, if any; the persons present when the search was conducted; any substances or objects found and the disposition made of them; and any subsequent action taken. The principal shall be responsible for the custody, control, and disposition of any illegal or dangerous substance or object taken from a student.

Acceptable Use Policy

I. STUDENT NETWORK & INTERNET ACCEPTABLE USE AND SAFETY AGREEMENT

- To access and use the District's Education Technology, including a school-assigned e-mail account and/or the Internet at school, students under the age of eighteen (18) must obtain parent permission and sign and return this form. Students eighteen (18) and over may sign their own forms.

Use of the Education Technology is a privilege, not a right. The District's Education Technology, including its Internet connection and online educational services, is provided for educational purposes only. Unauthorized and inappropriate use will result in a cancellation of this privilege and possibly further disciplinary action.

The Board has implemented technology protection measures, which protect against (e.g. block/filter) Internet access to visual displays/depictions/materials that are obscene, constitute child pornography, or are harmful to minors. The Board also monitors online activity of students in an effort to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. Nevertheless, parents/guardians are advised that determined users may be able to gain access to information, communication, and/or services on the Internet that the Board has not authorized for educational purposes and/or that they and/or their parents/guardians may find inappropriate, offensive, objectionable or controversial. Students accessing the Internet through the school's computers assume personal responsibility and liability, both civil and criminal, for unauthorized or inappropriate use of the Internet.

The Board has the right, at any time, to access, monitor, review and inspect any directories, files and/or messages residing on or sent using the Board's Education Technology. Messages relating to or in support of illegal activities will be reported to the appropriate authorities. Individual users have no expectation of privacy related to their use of the District's Education Technology.

Parent/Guardian

As the parent/guardian of this student, I have read the Student Education Technology Acceptable Use and Safety Policy and Guidelines, and have discussed them with my child. I understand that student access to the Internet is designed for educational purposes and that the Board has taken available precautions to restrict and/or control student access to material on the Internet that is obscene, objectionable, inappropriate and/or harmful to minors. However, I recognize that it is impossible for the Board to restrict access to all objectionable and/or controversial materials that may be found on the Internet. I will not hold the Board (or any of its employees, administrators or officers) responsible for materials my child may acquire or come in contact with while on the Internet. Additionally, I accept responsibility for communicating to my child guidance concerning his/her acceptable use of the Internet - i.e., setting and conveying standards for my daughter/son to follow when selecting, sharing and exploring information and resources on the Internet. I further understand that individuals and families may be liable for violations.

To the extent that proprietary rights in the design of a website hosted on Board-owned or leased servers would vest in my child upon creation, I agree to assign

those rights to the Board.

Please check each that applies:

- I give permission for the Board to issue an Internet/e-mail account to my child.
- I give permission for my child's image (photograph) to be published online, provided only his/her first name is used.
- I give permission for the Board to transmit "live" images of my child (as part of a group) over the Internet via a web cam.
- I authorize and license the Board to post my child's class work on the Internet without infringing upon any copyright my child may own with respect to such class work. I understand only my child's first name will accompany such class work.

I have read and agree to abide by the Student Education Technology Acceptable Use and Safety Policy and Guidelines. I understand that any violation of the terms and conditions set forth in the Policy and Guidelines is inappropriate and may constitute a criminal offense and/or may result in disciplinary action. As a user of the Board's Education Technology, I agree to communicate over the Internet and through the Education Technology in an appropriate manner, honoring all relevant laws, restrictions and guidelines.

Teachers and building principals are responsible for determining what is unauthorized or inappropriate use. The principal may deny, revoke or suspend access to and use of the Education Technology to individuals who violate the Board's Student Education Technology Acceptable Use and Safety Policy and related Guidelines, and take such other disciplinary action as is appropriate pursuant to the Student Code of Conduct.

The following consequences shall be applied whenever a student breaks their agreement under the Acceptable Use Policy. The student shall lose privileges on all district computers and the network, for the period of time indicated below:

- First offense: One to 10 school days. Parent notification required.
- Second offense: Three to six weeks. The student is required to write a technology behavior plan for themselves before computer privileges are restored. This plan will be signed by the student, his/her parents, and a building administrator. This plan will be copied to appropriate teachers, administrators and technology representatives.

RIGHTS AND RESPONSIBILITIES

The rules and procedures of the school are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect their rights to freedom of expression and association and to fair treatment as long as they respect those rights for their fellow students and the staff. Students will be expected to follow teacher directions and obey all school rules. Disciplinary procedures are designed to insure due process (a fair hearing) before a student is removed from a classroom because of his/her behavior.

Parents have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed, when concerns arise. Many times it will be the responsibility of the student to deliver that information. If necessary, the mail or hand delivery may be used to insure contact. Parents are encouraged to build a two-way link with their student's teacher and support staff by informing the staff of suggestions or concerns that may help their child better accomplish his/her educational goals

The staff expects students to arrive at school prepared to learn. It is the student's responsibility to arrive on time in the educational program. We expect good behavior and respect for others in the lunchroom, on the bus, and in the classroom as well as in the building as a whole. It is our desire to work with parents on positive discipline. If, for some reason, this is not possible, the student should seek help from the building principal.

EQUAL EDUCATIONAL OPPORTUNITY

Every child, regardless of race, creed, color, sex, national origin, cultural or economic background, or handicap, is entitled to equal opportunity for educational development. No student will be excluded from participating in, denied the benefits of, or subjected to discrimination under any educational program or activity conducted by the district. The board shall treat its students without discrimination as this pertains to course offerings, athletics, counseling, employment assistance, and extracurricular activities.

SPECIAL EDUCATION

Oakridge Public Schools provides a variety of Special Education programs for students identified as having a disability defined by the Individuals with Disabilities Education Act (IDEA). A student can access Special Education services through the proper evaluation and placement procedure. Parent involvement in this procedure is required. More importantly, the school wants the parent to be an active participant.

AMERICANS WITH DISABILITIES ACT AND SECTION 504

The American's with Disabilities Act (A.D.A.) requires the school to ensure that no individual will be discriminated against on the basis of a disability. This protection applies not just to the student but also to all individuals. The Section 504 regulation requires a school district to provide a "free appropriate public education" (FAPE) to each qualified student with a disability who is in the school district's jurisdiction, regardless of the nature or severity of the disability. Section 504 and the ADA are anti-discrimination laws and do not provide any type of funding.

EDUCATIONAL DEVELOPMENT PLAN (EDP)

All students entering into 7th grade will be required to complete an educational development plan (EDP) during their career and employability skills course that is aligned to our career exploration program. All students are required to have completed their EDP before entering high school. Multiple opportunities will be given to 7th and 8th grade students to revise and modify their EDP's with the assistance of our school guidance counselor. See course guide for more information on educational development plans.

It is the policy of the Oakridge Public School District that no person shall, on the basis of race, color, national origin, creed or ancestry, political belief, sex, disability, handicap, religion, age, height, weight, or marital status be excluded from participation in, denied the benefits of, or be subjected to discrimination under any program or activity and in employment.

Any questions concerning Title IX of the Education Amendments of 1972, which prohibits discrimination on the basis of sex, Title VI, which prohibits discrimination on the basis of race, color or national origin, or Section 504 of the Rehabilitation Act of 1973, which prohibits discrimination on the basis of handicap, should be directed to Dr. Cindi Smith, Director, Eastern Service Unit, 3255 E. The person who believes they have a valid basis for the complaint shall discuss the matter informally and verbally with the local Title coordinator, who shall investigate the complaint and answer the complaint within two business days. If this reply is not acceptable to the complainant, the complainant may initiate formal procedures according to the following steps:

Sixth grade students may participate in individual sports (cross country and track) at Oakridge Middle School. These 6th grade students will become part of the existing 7/8th grade teams. Oakridge will not organize separate 6th grade

teams. The intent to include 6th graders is to provide more opportunities for students to be involved with interscholastic athletics.

Team Sports

Within the West Michigan Conference, 6th grade students will have the opportunity to participate on the 7/8th grade teams "as needed". The needs of each team will be determined by the coach and Athletic Director and brought to the West Michigan Conference for approval. Sixth grade students will only be involved in team sports for circumstances when coaches demonstrate a true need for inclusion of 6th grade students. A selection process for identifying which 6th grade students will participate will be decided by the coach and Athletic Director.
