

## District Annual Education Report (AER) Cover Letter

March 23, 2016:

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2014-15 educational progress for the Oakridge Public School District and our schools. The AER addresses the complex reporting information required by federal and some requirements of state laws. Our staff is available to help you understand this information. Please contact Rane Garcia, Interim Director of Academic Programs, for help if you need assistance.

The DISTRICT AER is available for you to review electronically by visiting the following web site [District Annual Education Report](#), or you may review a copy in the main office at your child's school. Each school will also be communicating their own AER to parents directly.

These reports contain the following information:

**Student Assessment Data** – Elementary or middle school assessment results on the Michigan Student Test of Educational Progress (M-STEP), high school assessment results on the M-STEP component of the Michigan Merit Exam (MME), and assessment results for students with disabilities on Michigan's Alternative Assessment Program (MI-Access).

- Presents achievement data for all four tested subjects (English language arts, mathematics, science, and social studies) compared to targets for all students as well as subgroups of students
- Helps parents understand achievement progress within schools and compare these to district and state achievement

### **Accountability Scorecard – Detail Data and Status**

Due to the transition from MEAP tests to the M-STEP test, the accountability portion of the AER is limited to assessment participation and graduation/attendance rates. Full accountability reporting will resume with the 2015-16 AER.

275 South Wolf Lake Road Muskegon, MI 49442

Phone: (231) 788-7100 | Fax: (231) 788-7114 | [www.oakridgeschools.org](http://www.oakridgeschools.org)

---

**Teacher Qualification Data**

- Identifies teacher qualifications at district and school levels
- Reports percentage of core academic classes taught by teachers not considered highly qualified to teach such classes

**NAEP Data (National Assessment of Educational Progress)**

- Provides state results of the national assessment in mathematics and reading every other year in grades 4 and 8

While the quality of a school district is much more than test scores, it is one indicator the community should review to understand the education provided at Oakridge Public Schools. Our district has demonstrated progress over the years in many areas such as extracurricular participation by students, increase in early college attendees, fine arts (band/choir/drama) performance quality, positive student behavior outcomes, and number of students successful in postsecondary education and the workplace.

Oakridge is a great place to be!

Sincerely,

*Tom Livezey*

Superintendent  
Oakridge Public Schools
