MESSAGE FROM THE SUPERINTENDENT

Oakridge Expands Digital Learning Experiences

Have you ever taken your child's cell phone or digital device away from them and then discovered they can turn into a model citizen to earn it back? It seems kids nowadays have this innate attraction and comfort with this digital world we live in. Being connected to people and digital media 24/7 is their 'normal'. They go to YouTube to learn whatever they want and ask 'Siri' for routine information that used to take hours in the library to find. They can even Facetime, message, or chat with anyone at anytime anywhere in the world. This was all science fiction when I was a student!

Partly with this reality in mind, a Digital Learning Task Force was assembled to focus on improving the quality and relevancy of education we provide at Oakridge as it relates to the use of technology for teaching and learning. We realize that we are preparing students for jobs that don't exist yet, to use technologies that haven't been invented yet, and to solve problems we don't even know are problems yet. This statement goes far beyond simply teaching a kid how to use a device. More importantly, we are taking a broader scope to look at what employers need in the workforce. CEO's routinely tell us they need employees with 21st Century Skills like responsibility, collaboration, teamwork, creativity, imagination, critical thinking, problem solving, leadership, respect, work ethic, cultural awareness, flexibility, and information literacy.

"We realize that we are preparing students for jobs that don't exist yet, to use technologies that haven't been invented yet, and to solve problems we don't even know are problems yet."

*- Richard Riley,
former Secretary of Education*

Oakridge is taking a number of approaches to address this. First and foremost, we are preparing teachers for this new reality. Highly qualified, well trained, and caring educators are at the core of any school improvement effort. We not only incorporate the 21st Century Skills in our classrooms but we focus on the "whole child" to make sure they are safe, healthy, engaged, supported, and challenged.

Secondly, we are preparing our learning environments with the support of our community.

OAKRIDGE PUBLIC SCHOOLS NON-DISCRIMINATION POLICY

It is the policy of Oakridge Public Schools that no person will, on the basis of race, color, national origin, creed or ancestry, political belief, sex, disability, handicap, religion, age, height, weight or marital status be excluded from participation in, be denied the benefits of, or be subjected to discrimination during any program or activity or in employment.

Any questions concerning Title IX of the Education Amendments of 1972, which prohibits discrimination on the basis of sex, Title VI, which prohibits discrimination on the basis of race, color or national origin, or Section 504 of the Rehabilitation Act of 1973, which prohibits discrimination on the basis of handicap, should be directed to **Greg Bodrie, Easter Service Unit, 3255 E. NOTIFICATION OF RIGHTS UNDER FERPA FOR ELEMENTARY & SECONDARY SCHOOLS

The Family Educational Rights and Privacy Act (FERPA) afford parents and students who are 18 years of age or older “eligible students” certain rights with respect to the student’s education records. These rights include:

1. The right to inspect and review the student’s education records within 45 days after the day the school receives a request for access. Parents or eligible students should submit to the Principal (or appropriate school official) a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student’s education records that the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA. Parents or eligible students who wish to ask the school to amend a record should write the school principal (or appropriate school official), clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school such as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are: Family Policy Compliance Office • U.S. Department of Education • 400 Maryland Ave., SW • Washington, D.C. 20202

MEDICAID FUNDS NOW AVAILABLE

Through an Act of Congress, public schools have the opportunity to use Medicaid funds to help pay for some special education services.

As a result of this act, some services provided to Oakridge students may appear on monthly Medicaid statements under the heading of Muskegon Area Intermediate School District. The MAISD will reimburse Oakridge Public Schools.

A few services Medicaid may help pay for are: occupational, physical, and speech therapy, social work services, nursing services, and diagnostic evaluations.

This will not change the delivery of services to Oakridge students, but is a way to offset the increasing cost of services provided by the district.

Our goal remains to provide the most appropriate, highest quality services available. For more information, please call Greg Bodrie, Director of Special Education at 865-4055.

TRANSPORTATION

As the school year approaches, please be advised of important transportation information.

Annually, buses are re-routed to address changes in ridership and provide efficiencies. Bus routes may not be the same as last year, bus stop locations and times may have changed, and students may walk further to get to bus stops.

It is the responsibility of the parent/guardian to get students to and from designated bus stops safely and to monitor their student while at the bus stop. Parents/guardians of kindergarten students must be waiting at the bus stop to receive their student at drop-off time.

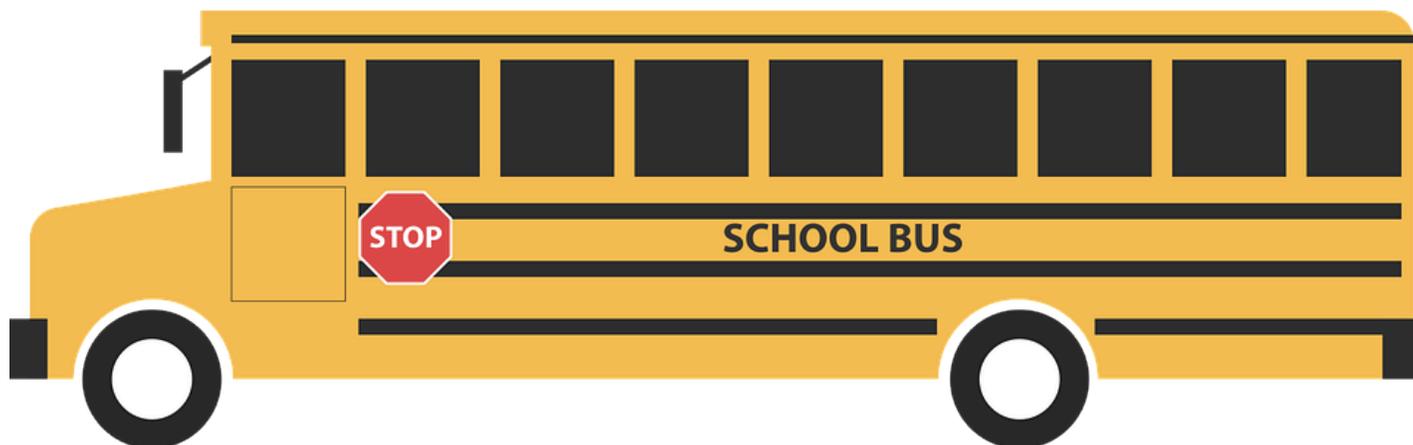

Buses tend to run late the first few weeks of school and during inclement weather. Students should arrive at the bus stop location approximately (5) five to (7) seven minutes prior to the scheduled bus arrival time. Buses will not wait or return for late students.

On Late Start Tuesdays, all buses will arrive at designated bus stops approximately one hour later than the normal schedule for all K-12 students.

If you have not yet done so, please complete the Student Transportation Request Form for the 2017/18 school year on the NEXT page or online at www.oakridgeschools.org. It is important for us to receive this form whether or not your student will be riding a bus.

Transportation information will be mailed home to students in grades K-6 the week of August 28th. The form will be available during middle and high school orientations and can be accessed via the PowerSchool Parent Portal under Transportation. Be sure to check out the Transportation web page for important information such as: bus passenger safety information, transportation forms, parent letter and FAQ's. www.oakridgeschools.org/Departments/Transportation

Communication is an important aspect of transportation. We will work together to provide students with a safe environment at all times. We appreciate your support and cooperation and look forward to transporting your child during the upcoming school year.

FOOD SERVICE PROGRAM

Children who eat breakfast in school do better in math and miss fewer class days, according to a national study released recently. The study analyzed national demographic data to learn that children who eat school breakfast score an average of 17.5% higher on math tests. Also, students who eat school breakfast attend class an average of 1.5 days more per year. The report found that the combination of higher attendance and increased math scores means kids who eat school breakfast are 20% more likely to graduate high school.

Oakridge will now offer FREE BREAKFAST to all students K-12 starting this fall!

You may apply at any time during the school year if your household size goes up, income goes down, or if you start getting FAP, FIP, FDPIR, or other benefits. If you lose your job, your children may be able to get reduced price meals. Applications are available in all school offices and online at www.lunchapp.com.

Students who qualified for reduced priced meals in the 2016-17 school year are still eligible through October 1, 2017. **If a new application is not filed before October 16th, the student will be charged full price for a meal until a new application is reviewed and a determination is made.** If you have questions, please contact Kristie Long at (231) 788-7318.

It is the responsibility of the parents to provide for lunch for their children while at school. However, it is important to provide that children receive the nutrition they need to stay focused during the school day. This procedure shall apply in the event that a child neither has a lunch nor the funds to purchase a lunch.

Elementary students (grades K-6) will be allowed to 'charge' up to a maximum dollar equivalent of three (3) meals. When a child reaches or exceeds the allowed charge limit they will be offered a "grace" meal until the negative balance is paid off. The "grace" meal will consist of a cheese sandwich, fruit, and milk and the student will not be charged for that meal. Notices of low or negative balances will be sent to parent/guardian on a weekly basis. The Director of Food Services will work with each Principal to determine a payment schedule for these meals.

Secondary students (grades 7-12) and adults must pay for meals at the time of service. There is a no credit/charge policy in effect for all secondary students. In the event of an already existing negative balance (carried over from previous year), the student will be offered a "grace" meal until the negative balance is paid off. The "grace" meal will consist of a cheese sandwich, fruit, and milk and the student will not be charged for that meal. Students with any negative account balances will not be allowed to purchase ala carte items. A student's parent(s) will be notified of a delinquency in a student's account. The Director of Food Services will work with each Principal to determine a payment schedule for these meals. Graduating seniors must pay any delinquent meal charges on their account in order to walk in the graduation ceremony.

Parents may pay for school meals by sending check or cash to school with their child to give to the office or via the Internet through the District's Food Services website.

OAKRIDGE Alumni Corner

When Oakridge High School celebrated its first graduation ceremony in 1967, Mark Fazakerley was among the first class of graduates. It seemed rather fitting to have him return to participate in graduation ceremonies this past year (2017) to deliver the keynote address to Oakridge's 50th graduating class.

Mark fondly remembers being a part of the very first OHS football team, and being an active Student Council member. He said his football coach (Larry

Boone) had the job of forming a team without the benefit of anyone who had played on a team previously, and he did the best he could with a "rag-tag bunch of young men".

Unsure of what to do after high school, Mark entered the Navy right out of high school. At the time he had second thoughts about his decision but ultimately, he was glad to make the choice to enlist. Having seen a lot of the world by traveling (in the Navy), he eventually settled down in his home town of Muskegon. "I had no inclination to move away from Michigan, or even Muskegon for that matter.", said Fazakerley. He currently lives in Egelston Township, with his wife of 45 years (fellow Oakridge Alumni, Christine Cunningham). They have three girls who all live within the district, and have children of their own that are students at Oakridge. In 1979, he started his business (Eagle Alloy) with fellow Oakridge '67 graduate, Wayne Jarvis. Mark remains actively involved in their successful, local business. Mark's advice to our Oakridge HS students who are beginning to think about what they will do for a living is to work hard on determining your passion and the type of employment you want to spend your life working on. "If you enjoy what you do, it will never seem like work to you.", he shares.

Owner of Eagle Alloy

PD TUESDAYS (LATE STARTS)

Every Tuesday this school year (except June 12), school will begin at 8:43am (MS/HS), 9:20am (Upper EI), and 9:35am (Lower EI) to allow time for staff to engage in Professional Development (PD) and school improvement efforts. The district is not only state-mandated to provide teachers time for PD, it is essential for educators to continuously sharpen their skills to improve student learning. We appreciate the community's support as we support our students with the highest quality teachers around. This consistent schedule will be easy to remember for parents and allow teachers and school leaders to gain momentum in our school improvement efforts.

Oakridge Expands Digital Learning Experiences *(Continued from, pg 1)*

Voters across Muskegon County stepped up to the plate in February 2014 by passing the Regional Technology & Security Millage Ballot Proposal providing 10 years of dedicated funding to improve the security of our facilities and improve our technological infrastructure. This benefits kids in a tremendous way.

With this strong foundation, I am excited to announce that, this Fall, every student enrolled in grades 7-12 will be provided a Google Chromebook to use at school. They'll be able to take the Chromebooks home with parent permission and the purchase of device insurance. Elementary students will have nearly the same access level but the Chromebooks will be shared by students at school. Our youngest learners will share iPads. Again, it is not about simply having a device. It is about what kids can create, access, and learn while using the device. It's about providing opportunities to learn 21st Century Skills in a technologically relevant classroom. It's about personalizing learning experiences for individual students who may want learn at a quicker pace or be taught in a different way. Some may even want to take courses that Oakridge does not have in our course guide. The possibilities are exciting!

In conclusion, every student will graduate from Oakridge either enrolled in college, enlisted in the military, or employed with a job. We must prepare every student for their life's next step. We want Oakridge students to be a step ahead!

To a great school year,

Tom Livezey
