**Tom went through timeline of Strategic Plan Priorities and Progress Tracking. The Board focused discussion on these goals but acknowledge other goals may have strategies and activities:**

**Goal #3 Develop comprehensive systems of support and intervention for Adverse Childhood Experiences (ACE), Trauma, and behavior-related challenges.**

**Goal #5 consistently and formally recognize success, achievements, and contributions of students, all staff, families, senior citizens, partners, and community members.**

**Goal # 8 Improve staff and community understanding of the District's work by developing and implementing a comprehensive communication plan.**

**Goal #10 Keep students and staff safe in facilities that are of proper quality, security, and capacity.**

**The Board did have a discussion on when to go for a bond for facilities, but at this point it was just a discussion.**

- IX. **PUBLIC COMMENTS** At this point in the agenda, the public may address the **Board of Education.** (Please state your name and address. If your comments are a specific question, please speak with the appropriate staff member after the meeting.)

Melanie Wymer 5640 Richmond Ave: An August Bond date is hard to get the word out due to people not around at that time. Regarding the Apple Carr expansion, we can only predict enrollment and in a May or August Bond date not all the new expansion may not be fully up and running. I am a parent 1<sup>st</sup> and an employee last. Likes Goal #5 recognize success part of the plan as that is really needed to get people out of negativity. Getting community involved is key. Would like to see more people at Board meeting instead of just me. I come to Board with Issues but also solutions. Have seen kids doing no good and found windows open and I did call Cory about it. Do we have alarm systems? Had some concerns about security.

#### **X. BOARD COMMENTS**

Mike Smith: Thank you Melanie for being compassionate about our community and just showing up to the Board meetings to express your comments.

Gerry Dibble: This is an exciting time for the Board and I am up for the task.

Ronda Borgman: I am ready to get started on the Strategic Plan and can't wait to see some of the outcomes in the future.

Jeff Kartes: Congrats on new all the new hires and am impressed on how many applied for the positions. Kudos to Kristie Long with the free lunch and breakfast. Excited about Oakridge Public Schools receiving the Bronze level for School.

George Tindall: Very excited to get started with Goals on our Strategic Plan and I believe we set some good starting points tonight.

Craig Scott: I have a passion for Goal #5. Based on the Board's approval, I personally met with two teachers who are willing to discuss and find solutions regarding relationships in the District. I began dialogue on ideas on how to heal the hurt. I have shared those ideas with Tom and we expect to continue finding opportunities to work together going forward. Thanks to the Board for all the time put in this Strategic Plan and the time in the future.
